12. [redacted] [redacted] OSI, called to advise me that, at the request of AEC, he was performing a security review of the testimony of representatives of the Livermore and Los Alamos Laboratories before Senator Gore's Disarmament Subcommittee. He said AEC had already made some deletions in the transcript and he was making additional deletions. He merely wanted to let us know what he was doing. I suggested [redacted] that in his dealings with AEC on this, AEC should make no mention to the Foreign Relations Committee staff that this Agency had participated in the security review. If the question arises, it may be suggested that the Committee submit the transcript directly to the Agency for such review.
